COMMODORE'S COMMENTS: By all reports we had a most successful Closing Regatta which proves some of us in the Club must live right. It was a great mental relief to your Flag Officers not to go through another washout and sail-off or a missing buoy episode! I would like to mention here, that with the late presentation and the haze of the festivities, I was remiss in not thanking members and Race Committees for their efforts in making this day a huge success, so please accept my apologies and praises for a job well done. Only one sour note marred the day as far as outside guests were concerned, and I believe a little information here will help our newcomers to sailing, to understand the function of our gracious race committees, without exception. All race committee chairmen are retired racing sailors, some of National Championship standing. They are all volunteer servants for you and racing in general, - and we have the best team on the Great Lakes! They sacrifice their time, energies and money without remuneration, and we who know this are most appreciative of their efforts. Our Club as well as others show the Chairmen the courtesy of extending them an Honorary membership for the year. I hope this will temper your attitude when you feel like arguing or criticizing those worthy gentlemen on the Committee Boats. They know their job and we're damn lucky to have them. I am not aware who the offender was, but in future please keep our Club in good grace - "No offense intended"! Al Rae
