During the next few weeks the Members of Queen City Yacht Club will have the opportunity of assessing the performance of our present Board of Directors and deciding who their choice will be for the management of the Club during the coming year. Queen City Yacht Club is common with most yacht clubs in this area has had its share of problems in recent years. In many cases if their had been unlimited funds the needs and wants of the members could have been satisfied and the clubs would have been out of trouble. The Board of Directors of your club have attempted to keep the fee structure in line with the ability of the membership to pay without hardship.

In recent years this has been difficult it has been necessary to have an assessment to allow the club to meet expenses. The incoming Board should be made up of men with some background in the operation of your club and perhaps more important men with knowledge of the basic requirements of the job they will fill. Too often men will accept a position for which they are not suited to satisfy their vanity when they do not have the ability, desire or time to devote to the work involved.

Our constitution spells out the responsibilities of each Board member. Study this document before making your descension. The responsibility for good government during 1974 is in your hands.

NOMINATING COMMITTEE

Past Commodore Len Canham has been appointed chairman of the Nominating Committee by Commodore Gordon Proctor. Len will be appointing two additional Members to assist him. These people will be circulating throughout the members during the next few weeks seeking nominations for next years Board of Directors.

Annual General Meeting "THE MAPLE ROOM" Union Station, Wednesday December 5, 1973 - 7.30 p.m.

Only Senior Members in good standing will be eligible to attend and vote.
