COMMENTARY

When the Committee Boat can't keep it's anchor down (and the committee it's breakfast), and the marker boat has trouble setting the course, there is a certain difficulty in having a race. So, to the great disappointment of local heavy-weather sailors, the Queen City Keelboat course was a wipe out for our Regatta. Well, it was a great ride while it lasted, even though our crew on VELEDA III was seen reaching for the Gravel to offset the effects of heavy wave action and the aroma from Velede's holding tank vent!

The other two courses, Olympic and Centreboard, did manage races, and Ron Mazza's International 14 saved the day for QCYC with a second place flag.

And though the day continued cold and wet, 175 dinners were served that evening as QCYC carried on it's reputation for a rousing party.

Not that Clipper editors are infallible, but this one seems to have made his share of errors and omissions last month. My apology to the Tomblins for getting the date of the Lobster night wrong and I hope all members were reached to advise them of the correct date of September 20. Also, to George and Heather Johnson for failing to announce the arrival of their Hughes 31 HEATHER J, which George

tells me might have been named THE PIPER - guess who won!

Another interesting arrival is the Schooner ROSEMARY RUTH owned by Doug Gilles. A prettier example of traditional marine workmanship would be hard to find.

Our congratulations to Hugh Loughborough and Karen Van Ness who were married August 23rd, after which Hugh's Mum and Dad promptly left town - for no other reason than to take a sailboat cruise. At latest report TREKKER is halfway down the Hudson. Keep us posted Mark and Shiela!

Please welcome the following new members whose applications were accepted at the last Board meeting:

Karl McManaman - Senior
Thomas Hood - Crewing

An application for Senior membership has been received from:

WELCOME ABOARD!

Haul-out is a'coming - starting the weekend after Thanksgiving, but you won't get hauled if the railway isn't finished - as Bill says: "let's see some new faces at the work parties". Seems like the same small core group is carrying the load and that isn't what a Club is all about. - is it?

CENTENNIAL NEWS

Our program is underway! Thank you to those members who have expressed interest in Centennial Year activities. A special thanks to the four volunteers who have offered their services. Attached to this Clipper Issue is a form for all members and families to fill out. Please complete and drop off at the Club office. We have built a small notice board to be mounted in the Clubhouse foyer which will provide information and act as a general reference point for Centennial activities.

RACING

CLUB CHAMPIONSHIP SERIES

Where, oh where was the weather mark? Alongside RCYC dock, that's where, and in the final race of Series 3, Running Free and Gay Gordon were determined to round it, if it meant going aground - and bump they did! For a while it looked as though QCYC were attacking Kwasind (Jean, where were you?) So, after half the fleet rounded their own private marks (some closer to the finish than others), the race was abandoned. Thus, the final standings in Series 3 are:

DIV 2	1 Banshee
	2 Moonshine
SHARKS	1 Jucipa
	2 Red Cap
	3 #166
DIV 3	1 Enkidu
	2 Nipkin
	3 Gay Gordon
DIV 4	1 Wings
	2 Veleda III
	3 Cheetah
DIV 5	1 Running Free
	2 Time Passage
	3 Watermusic

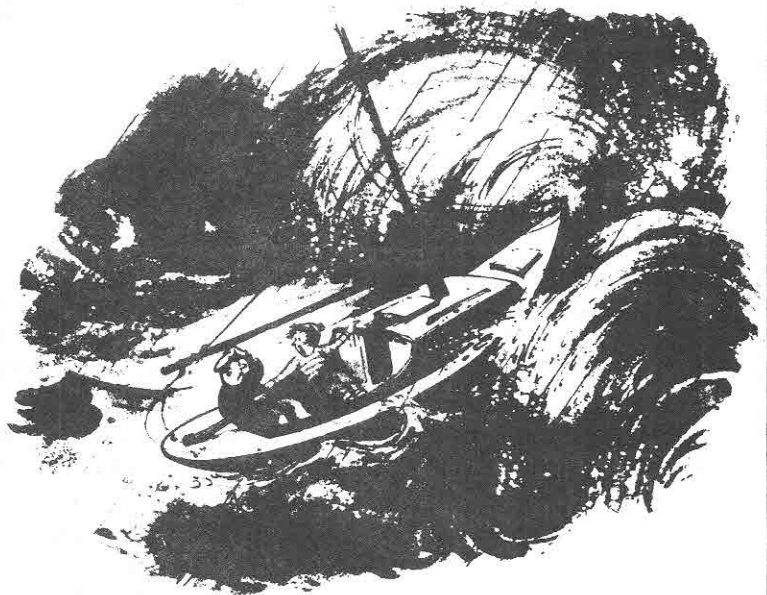

LADY SKIPPER'S RACE

- 1 TECUMSEH - MARILYN BELISLE
- 2 RUNNING FREE - INGA MAYERHOFER
- 3 TIME PASSAGE - LYNN NOACK

RALLY TO THE FLAGPOLE

- 1 NEFERTITI
- 2 TIME PASSAGE
- 3 RUNNING FREE

MEANWHILE, BACK AT QCYC REGATTA...

"And even if we do get back, I bet all the moorings are taken."
