

TO-DAY'S NEWS IN THE REALM OF SPORT.

SOME VERY HOT HOCKEY

The Cornwall Senior Team Redeems Lost Laurels in a Match With the Capitals of Ottawa.

FOUR FAST JUNIOR SERIES GAMES

The Stratford II. Seven Defeat the London Junior Team -- A Warm Game at Waterloo -- The Brockville Seniors Default to the Queen's College Team.

Senior O. H. A. -- Cornwall 4, Capitals 2. Junior O. H. A. -- Waterloo 9, Preston 6. Stratford 13, Guelph 2. Woodstock 13, London 3. Lindsay 0, Cobourg 6.

Cornwall, Jan. 12.--The battle between the three senior O. H. A. teams, the Iroquois, Capitals of Ottawa, and Cornwall teams, is keen. In the opening game the Cornwall team went down before the Iroquois seven by a score of 4-1, but last night the club redeemed itself by outscoring the fast Ottawa aggregation. The Cornwall team was handicapped at the last minute by the illness of Harlow Stiles and W. Turner, and they were replaced by two juniors, James Milden and Percival.

The quality of hockey was not gladdened, but it was a hard fought battle, stiff body checking being a strong point with both teams. The first game was won by the Capitals. The next two, however, went to Cornwall, McPherson and Degan scoring. Then the Caps made a rush, got past the Cornwall defence, and J. Smith scored, just before half time. In the second half Cornwall got their combination work in and McPherson scored two goals. He scored again, but the referee called the game for an offside. James Falkner and J. Smith tried a bout of Graeco-Roman, in which the Cornwall man came out on top, but the referee decided to give them a rest on the fence. The teams were as follows:

Cornwall--F. J. MacLennan, goal; James Milden, point; J. Morgans, cover point; D. McPherson, Fred Degan, J. Falkner, R. Percival, forwards. Capitals--Durkin, goal; Sparks, point; D. Smith, cover point; J. Smith, N. Kimpton, Ralph Spittal, forwards. Referee, A. J. Macdonald.

STRATFORD AND GUELPH.

Guelph, Jan. 12.--The Stratford club has shown up with a very fast junior team. Last night the Stratford lads played all around the Nationals II., and defeated them by 13 to 2, and could have scored several more points without trouble. The Guelph boys played hard, but were outclassed in team work. At half time the score was 5 to 0, and it looked like a shut-out for the Nationals, but in the second half they succeeded in placing the puck between the posts twice. The visitors did the trick no less than eight times in the second half.

The teams are as follows: Stratford--Goal, Woods; point, Morrison; cover, Gordon; forwards, Rankin, Poland, Hern, Lightfoot. Guelph--Goal, Fordyce; point, Porteous; cover, Fraser; forwards, Black, Irvine, Simpson, Dunn.

PRESTON VERSUS WATERLOO.

Waterloo, Jan. 12.--The Preston and Waterloo Juniors met here last night, and when time was called the Waterloo boys had scored 9 goals to their opponents' 8. The Preston seven are very heavy and look more than youths of twenty summers, and will be asked to produce their certificates for the next game. The first half was a very fast exhibition of hockey and the score was 4 all. In the first half it looked as if the Preston stalwarts would make a runaway match, but their wind failed them and the Waterloo juveniles outran them, scoring the four last goals in about 8 minutes time, winning by a score of 9 to 8. The teams: Preston--Goal, Weller; point, Yost; cover point, Kinder; forwards, Andrich, Adams, Edmunds and Clare. Waterloo--Goal, Engel; Point, Hellerbrand; cover point, Moore; forwards, Zeller, Young, Haehnle and Hoos. Attendance, 400. Goal nets were used, and out of 17 goals scored not one was disputed.

WOODSTOCK DEFEATS LONDON.

Woodstock, Jan. 12.--In a junior game here last night the local juniors administered a severe defeat to the much-touted London seven. The score was 13 to 3. The half time score was 5 to 1. The line-up was as follows: Woodstock--McHardy, goal; White, point; Caister, cover point; Rowell, McLay, Puller and McLure, forwards. London II--Smith, goal; McNeen, point; McGuffin, cover point; Ashplant, Woole, McMahen and Somerville, forwards.

The official score in the match at Belleville on Jan. 8 was Belleville 13 Peterboro' 6. The official score in the match at Peterboro' Jan. 10 was Belleville 4, Peterboro' 3. Belleville is thus the winner on the round by two goals, intermediate series O. H. A.

Cobourg juniors go into the semi-finals. Last night they defeated the Lindsay team by a score of 6 to 3. The score in the first game was 7 to 2 against them, therefore they win the round by the narrow margin of one goal.

Goal nets will be used in O. H. A. matches here next week. President Robertson has ordered a set of nets like those in use in Montreal, with the exception that the net will be made of white instead of black cord. The iron brackets, which is the objectionable feature in the Montreal net has been retained, because as yet no better idea has been brought forward.

The O. H. A. Executive will have two protests to consider on Monday night.

Barrie have protested the Collingwood team, alleging that they played Nolan and Staples, non-residents. Parkdale have protested the Guelph Nationals for similar reasons.

James Garvin, who away back in the eighties was a star defence player on the Toronto Lacrosse Club, is playing goal for the Crescent A. C. team of Brooklyn.

Woodstock has applied for admission into the O. H. A., but at this late date it is not likely that their application will be entertained.

The Capitals of Ottawa have been promised a game by the Shamrocks.

Winnipeg hockeyists will benefit, and the Wellington Club will lose, by the removal of Edgar Carruthers to the Manitoban capital.

The Brockville senior team plays an open rink. The Queen's College team refused to play on an open rink, unless the match comes off in the afternoon. The Brockville men were obstinate and Queen's gets the round by default. The Brockville Clubs says an afternoon game would lose money.

ICE BOATING.

James Rice Preparing to Retain the Championship of the Detroit River.

Rice, the Toronto oarsman who is training the green and seasoned scullers of the Detroit Boating Club, is again making preparations to clean out the Detroit River and Lake St. Clair iceboat men. Last year he took old Challenger down to Detroit and ran away from a goodly fleet of boats which were thought to be as fast as any in Michigan. The big Intrepid rig iceboat defeated the whole fleet in a decisive fashion, and there are several very speedy ice sloops in that neighborhood.

This year he writes to his friends in the Argo boat club that his speedy craft will have to show the way to a fleet of fourteen ice flyers, including several boats from Toledo, and other nearby cities before he will land the championship pennant. The race is over a 20-mile course and the time limit is one hour.

THE CUP MATCH.

Rinks Entered for the Walker Vase Competition--Notes. The Prospect Park curlers wrested the Carlyle Cup from the Hamilton Thistles yesterday by a score of 63 shots to 32. The Thistles won the cup from the Toronto men last year.

The Lakeview curlers defeated two Caledonian rinks last night by a score of 24 to 22. There are 119 regular rinks of curlers in Toronto, an increase of nearly a dozen over last year. The popular Granite club, with 32 rinks, leads the field, with the Toronto club second with 22 rinks. The Queen City has 21 club rinks, the Prospect Park 12, Caledonian and Lakeview clubs 8.

In addition to this there are many scratch rinks which do not care to play in matches outside of the club; but which, nevertheless, compare favorably in ability with the regular rinks.

The Walker vase single rink competition, the premier curling event of the local curling year, which is in progress this afternoon, has 57 rinks entered, several more than last season's list.

The Granite club has 16 entries, the Toronto club 14, Queen City 9, Parkdale 7, Prospect Park 5, Caledonian 3, Lakeview 2.

RIGHT HOOKS.

Notes of the Short Haired Geary-Smith and Leon Matched. George Lavigne called for Paris yesterday. He will meet the winner of the Borne-O'Brien fight in Paris, and Dick Burge in England.

The 25-round bout between George McFadden, of New York, and "Mysterious" Kerwin, of Chicago, scheduled to take place at Waterbury, Conn., last night was not pulled off. McFadden was not in condition, as he was still suffering from the punishment received in his recent go with "Spike" Sullivan, and Matty Matthews was substituted, but as the pugilists were about to enter the ring the box office receipts were attacked.

The bulls and bears of the Chicago Board of Trade combined to give Pugilist Tom Sharkey a warm reception when he appeared on the floor on Tuesday. His entrance was the signal for one of the wild charges with which visitors are familiar. "It was something like a football game I once saw," said Sharkey, in describing the incident, "only there were about four times as many, all coming at me and pushing me around and yelling like a bunch of madmen. I suppose they are all business men and honest as brokers go, but I didn't take any chances, and covered up my diamond stud. (Sharkey wears a stud nearly as large as a saucer). After being pushed around while they asked me for a speech, I don't go much on speeches, but I did the best I could. Then they shouted at me again, some praising and some sarcastic. It was quite an experience, but not one I care for every day."

Martin Judge and Rufus McNab boxed six rounds to a draw in Philadelphia on Monday night. The crack negro welterweight Wal-

cott burst into tears when the decision was given against Dixon.

Al. Hereford, manager of Joe Gans, has wagered \$1,500 on the colored man's chances in his coming fight with Spike Sullivan.

At Youngstown on Tuesday night "Kid" Goulette of Rochester was knocked out in the eighth round by Jack Farrell of Wilmington. Geo. Lavigne left New York yesterday for France. Spike Sullivan should have gone with him. They use their feet over there in the boxing ring, and that is right in "Spike's" line.

Champion Jimmy Smith and Casper Leon have been matched to box 20 rounds, 115 pounds, weight in at 3 o'clock, by the Crescent Athletic Club. They will meet the first week in February. Two crack welterweights will box at a show to be held under the club's auspices within a fortnight. Smith's hand will be in condition in another ten days.

BIG REGATTA.

Royal Canadian Racing Yachts Invited to Chicago This Summer.

The Columbia Yacht Club of Chicago is booming a big international regatta for this summer. The races will be sailed under Lake Yacht Racing Association and the Yacht Racing Union rules, and the following clubs have been invited to send their fast cruisers and racers:

On Lake Ontario--Oswego, Rochester, Royal Hamilton, Royal Canadian, Kingston and Montreal Yacht Clubs. On Lake Erie--Buffalo, Erie, Cleveland, Ohio, Toledo, Sandusky, Detroit, and Citizens' Yacht Clubs.

On Lake Michigan--Green Bay, Marinette, Manitowish, Milwaukee, Chicago, Columbia and Jackson Park Yacht Clubs.

On small lakes--White Bear, Spring Lake, Pewaukee, Lake Geneva, Spring Lake, Nodaway, Minnetonka, Oconomowoc, Fox Lake, Stantawia, Oshkosh, Fond du Lac, and Lac la Pells Yacht Clubs.

The Queen City Yacht Club will hold a progressive party at their club house Saturday, 13th inst., at 8 p.m. A cordial invitation is extended to the members friends.

GENERAL NOTES.

Items Concerning Rowing, Bowling and Baseball.

The second section of the bowling league resumed play last night. The winners were Insurance, who remain at the head of the list, Liederkrantz II, and the Toronto Rowing Club. The scores: Insurance 3,567, Highlanders 3,124, Liederkrantz B 3,792, Queen's Own B.C. 3,479, Athenium N. 3,217, Toronto Rowing Club 3,940.

The record: W. I. Athleteon N. 7 1 J. P. P. 4 4 Q. O. R. B. C. 4 4 T. R. C. 4 4 Liederkrantz B 3 5 Highlanders 2 6

Two basketball games were played last night at the Central Y.M.C.A. J. P. P. team won from J. E. Hewittson's team by 10 to 7, and H. G. Moore's from H. Taylor's by 21 to 9.

Ban Johnston and his western league backers have abandoned the idea of fighting the National League and the American League has applied for National League protection. The interesting question is whether the American League migrants have abandoned their pet scheme of pitting a club in Chicago, which they cannot do under the terms of the National agreement except with the consent of the Chicago club.

At a meeting of the University of Pennsylvania Faculty Committee on Athletics this afternoon the sending of crew to Henley next summer was approved. If this idea is carried out it will necessitate placing two eights in the water. All of last year's second crew are back, except Bechtel and Atkins, so with the two missing from the Varsity "Hull" and Busch. This makes only four vacancies to supply the sending of the track team to the Olympic games in Paris was also approved, as was the meet with the Boston A.A. at Boston on Feb. 3, and joint exhibition by the gymnastic team with that of Princeton University.

OBJECT TO EMBARGO.

Lumbermen Wait on Hon G. W. Ross and Oppose the New Pulpmill Policy.

Messrs. W. C. Edwards, M.P., A. Beck, Penetanguishene, and McLellan of Ottawa, three lumbermen, were in the city during the day and waited on Hon. Mr. Ross. Later on they waited on Messrs. Ross and Davis. They do not take kindly to the Government's proposition to place an embargo duty on pulpmill.

A LONG LIST!

This Whole Column Would Not Contain the Names of the Many Prominent Ministers, Members of Parliament and Professional Men all over this Continent who have been cured of Catarrh by Dr. Agnew's Catarrhal Powder--It Gives Relief in 10 Minutes.

Volumes of testimony have been written of its curative powers. Catarrh is an aggravating malady, insignificant in its beginning--a little cold in the head--neglect it and soon you're in its thrall. Eighty in every hundred have the taint. Dr. Agnew's Catarrhal Powder will cure the slightest cold in the head, and cure the most stubborn case of catarrh. "Its action is instantaneous," says one "I feel it" says another. "Never got relief until I used it," says another, and so on and on. Acts like magic and always cures.

BROKE HER LEG.

By falling yesterday on East Queen street Mrs. Rachel Johnston, an elderly lady, broke her leg. She was carried into Dr. Coatsworth's surgery and from there removed to the General Hospital. Mrs. Johnston lives at 125 Sackville street.

BROKE UP THE ICE.

The heavy gauge from the east yesterday drove nearly all the ice out of the bay into the lake.

To Cure a Cold in a Night--Use Vapo-Cresoleine. It has been used extensively during the past twenty years.

HE IS DOWN ON DOCTORS

Michael Murphy, the Well Known Trainer of Athletes, Has Something to Say to Physicians.

HE DOES NOT ADMINISTER DRUGS

Says a Good Trainer Can Cure a Slight Injury to an Athlete by Old-Fashioned Remedies Much Sooner than a Regular Surgeon.

Mike Murphy, the famous trainer of college athletes, at present at the University of Pennsylvania, but for several years at Yale, has the temerity to engage in controversy with a full-blown doctor of medicine. In the course of a lengthy reply to an attack upon athletic trainers by Dr. Anderson, of Yale, Murphy says: "My attention has been called many times in the past few days to an address made by Dr. Anderson, of Yale, to the gymnastic instructors who had gathered there for their annual meeting. I am very sorry I did not get the entire speech, as it must have been interesting, as well as instructive. The only thing I saw was a short sketch of his attack on professional trainers, which, coming from the source it does, is surprising, simply because these men know so much about the professional trainer and his duties as they do about medicine.

"There is a wide distinction between the duties of a physician and a trainer. The former has to do with all kinds of sickness, and the latter has only to do with men in good health. All he has to do is to keep them so and improve their condition, so that they will be strong and well for the day of the contest. In only one thing do the two professions approach each other, and that is during the football season, when a man is injured. If the trainer thinks the injury is serious enough he will at once call on a surgeon, into whose charge he puts the man, but in nearly all cases of external injury give me the trainer, with his simple old remedies that he believes in himself, and has tried for years with good effect. He never dares take a chance in anything. He wants the man, and he needs him for his team, so he goes to work on him himself, knowing that the best way to get a thing done well is to do it himself, and he will bring out a sprained ankle, a bad knee, or any kind of a bad muscle much quicker than a doctor, simply because he attempts to do it himself, instead of leaving the cure in the hands of somebody who does not care whether the injury takes a week or a month to heal."

MURPHY'S EXCEPTION.

"Now, the only reason I have taken any notice of it is because he makes the statement that professional trainers should not be allowed to prescribe medicine. This one statement alone shows that he had very little knowledge of the trainers who have been at Yale since the new gymnasium was built. I spent four years at Yale while Dr. Anderson was there, and I never prescribed a drug, and I am positive that two out of the three men who have been there since never did either.

"I will say that the greatest trouble the trainer has is to keep physicians from prescribing drugs to the men, especially the football players. Drugs are the bane of all good trainers because they know a man who

is in condition to begin training for an athletic contest does not need a drug of any kind, and the further it is kept from the men the better the result will be at the end. I have never known half a dozen cases where the men needed a prescription after they had started to train, and in those few cases I took care that it was given by a man capable of diagnosing the case.

QUITE A DISTINCTION.

"There is a wide distinction between the duties of a physician and a trainer. The former has to do with all kinds of sickness, and the latter has only to do with men in good health. All he has to do is to keep them so and improve their condition, so that they will be strong and well for the day of the contest. In only one thing do the two professions approach each other, and that is during the football season, when a man is injured. If the trainer thinks the injury is serious enough he will at once call on a surgeon, into whose charge he puts the man, but in nearly all cases of external injury give me the trainer, with his simple old remedies that he believes in himself, and has tried for years with good effect. He never dares take a chance in anything. He wants the man, and he needs him for his team, so he goes to work on him himself, knowing that the best way to get a thing done well is to do it himself, and he will bring out a sprained ankle, a bad knee, or any kind of a bad muscle much quicker than a doctor, simply because he attempts to do it himself, instead of leaving the cure in the hands of somebody who does not care whether the injury takes a week or a month to heal."

MGR. FALCONIO AND THE BISHOPS

His Appointment the Result of Mery del Val's Report That Some of the Canadian Bishops Were Too Impetuous.

(Special to The Toronto Star.) Quebec, Jan. 12.--The fact that some of the leading newspapers are calling upon Mr. Falconio to chide the priest who edits the Semaine Religieuse for expressing views in his paper that cause a great deal of discord if any significance were attached to them, has caused an interesting rumor to gain circulation. It is stated that Monsiegnor Mery del Val on returning from Canada to the Vatican made a very exhaustive and minute report upon the conditions of the Church in the Dominion, explaining the Manitoba school question and all other matters in which religion and politics are mixed. This report being a confidential document, was naturally drawn up in terms of the compelest candor, and in it, so your correspondent is informed, Mr. Mery del Val expressed the opinion that some of the Canadian bishops quite misconceived the situation of the Church, and unless some guiding mind could at critical moments restrain

them, something in the nature of a permanent breach might one day result between the hierarchy and the people of Quebec, or between Quebec and the other provinces. In some mysterious manner the report of Mery del Val's report found its way to Canada, and there was a conference of the Bishops, with the result that one was selected to write a protest to Rome. It is understood that it was Archbishop Degin of this city who drew up a remonstrance--the same archbishop under whose sanction the Abbe Gosselin publishes the Semaine Religieuse. The result of the archbishop's representations are not known, but at all events it is recalled that on his arrival Mr. Falconio found Archbishop Bruchesi absent on the Pacific coast and other evidences were not wanting that the coming of the new papal delegate was doubtfully regarded by some of the archbishops of this province. The incident shows that the statesmanship of the Vatican is on the side of those bishops who contend for harmonious relations between the different creeds and races in Canada.

CHANGES IN CROWN LANDS.

Promotion of Officials and a Reorganization of the Department.

As the Star stated a few days ago changes have been made in the Crown Lands Department.

Mr. T. W. Gibson, secretary of the Bureau of Mines, has been appointed secretary of the Crown Lands Department, which is a new office. His position will be filled by Mr. D. G. Boyd, who has been superintendent of the Michipicoten mining district, in summer, and in the department of mines in the winter.

More important will be the creation of the office of colonization, the officer of which will be Mr. Thos. Southworth, Clerk of Forestry, which latter position he will retain. It will be noticed that in all cases there is a promotion, yet no additional clerks are added to the staff.

SEEKING A PULPMILL CONCESSION.

A deputation representing a syndicate of Torontoians yesterday applied to Hon. E. J. Davis for a pulpmill concession on the Montreal River, in the Temiscamingue district. They propose to erect a mill for the manufacture of pulpmill, and will spend \$300,000 upon buildings and plant. Among those interested are Dr. Lynn, E. F. B. Johnston, W. C. Phillips, Robert Davies, Wm. Kerr, Peter McArthur, John Grey, John Ferguson and W. R. White, Pembroke.

LIPTON'S CEYLON TEAS. "Finest the World Can Produce." FOR SALE BY ALL GROCERS. SAMPSON, McCUAIG & CO., Toronto, WHOLESALE AGENTS.

A CAR SCHEDULE.

City Engineer Rust Calls Upon the Street Railway to Give a More Frequent Service on Several of the Leading Routes. City Engineer Rust is taking active measures against the Street Railway Company. He recommends that the Board of Works compel the company to make the following alterations in its schedule: Yonge street, motors and trailers, going south, 7.30 to 8.15 a.m., every 2 minutes; going north, 5.45 to 6.30 p.m., every 2 minutes. Broadview avenue, between 7 and 8 a.m., trailers to be attached to motors. Floor and McCaul, 7 to 8 a.m., motors and trailers, every 6 minutes. College and Yonge, 5.30 to 6.30 p.m., motors and trailers, every six minutes. The Engineer further reports: For the information of the committee, I may say that some correspondence has passed between the Toronto Railway Company and the Department in connection with schedule ordered in September of last year, which the company are not carrying out in its entirety, although they have improved the service on several of the routes, and I have notified the company that if this schedule is not carried out as ordered, I shall report the matter at the next meeting of the committee, with a recommendation that the city take legal action to compel the company to carry out the orders of the Council.

SPLIT AMONG CONSERVATIVES IN W. F. MACLEAN'S RIDING.

Changes in the Constitution Which are Said to Be Designed to Give the Present Member a Tight Grip on the Nomination in East York. The Conservative party in East York is not united by hoops of steel, nor can harmony and unity be found after a Jay's search. The annual meeting of the association was held at Markham yesterday. The meeting was a MacLean meeting and officers of that section were elected, so the Mail and Empire devotes a column to what it calls "Sharp practice in East York" which may help to capture a nomination convention. All that was done was this: The Association decided to rescind one clause which recognizes but one Conservative Association in each ward or municipality. This the party paper says is arranged so that if in any division the majority is against Mr. MacLean, a second association may be

formed of his friends, which will also be recognized. "Mr. MacLean's enemies will be lucky if they get into the hall on nomination day," says the Mail and Empire. Another proposal carried was that assessments should be made on local associations for the support of the central association. The details were left to Mr. MacLean and two others to work out. If this committee, says the Mail, decides that assessments form the basis of representation, the result will be that any body of Conservatives will be enabled, by paying such assessments, to obtain admission to the nomination meeting. This, according to the Mail, is evil, but the proceedings did not seem to alarm the 150 members present.

THE UNITY OF THE CHURCHES.

Evangelical Alliance Hears Addresses on the Duplication of Good Agencies. Despite the unpleasant weather there was a fair attendance at the annual meeting of the Toronto branch of the Evangelical Alliance, held in the Y.W.C. Guild hall last evening. Hon. S. H. Blake presided. Officers were elected for the current year as follows: President, Hon. S. H. Blake, Q.C. Vice-Presidents, Rev. Principal Carver, Rev. Dr. Potts, Rev. Dr. Burwash, Rev. Principal Sheraton, Rev. T. B. Hyde, Rev. Dr. Thomas, Council, Rev. Dr. Parsons, Rev. J. McP. Scott, Rev. Dr. Parker, Rev. Prof. Hingee, N. W. Hoyleys, Q.C., Rev. J. J. MacLaren, Hon. Geo. Cox, Elias Rogers, Dr. W. R. Gaultie, Rev. G. R. Turk, Rev. C. H. Short, J. G. Copp, James Massie, Robert Kilgour, Rev. Elmore Harris, J. J. Woodhouse. Secretaries, J. J. Woodhouse and Rev. G. R. Turk. Rev. Prof. Cody, M.A., delivered an interesting address upon "The Work of the Alliance in the Motherland." Rev. S. S. Bates spoke upon "Co-operation in Christian Work in Our Province." He deplored the fact that in some communities three or four ministers were engaged in doing the work which one man might perform, and that thousands of dollars were spent where hundreds would suffice if better co-operation existed. Rev. A. I. Grogan discussed "The place of the Alliance in the Churches." He spoke of the practice of holding union prayer meetings, which prevailed in Nova Scotia, and expressed his surprise that more of this kind of work was not done in a city like Toronto.

BANK CHANGES.

Mr. Pitblado, of the Bank of Nova Scotia Here, to Become Manager at Montreal. Several important changes in connection with the Bank of Nova Scotia are announced. Mr. H. A. Fleming, acting manager of the Montreal branch, will return to Halifax as secretary to the board of directors. Mr. J. Pitblado, the Toronto manager of the Bank of Nova Scotia, is to replace Mr. Fleming in Montreal. Mr. H. A. Richardson, manager of the Charlottetown branch, will come to Toronto as manager. Mr. Jas. H. Campbell, for many years with the Montreal Bank in Montreal, and of late years accountant, has been appointed manager of the bank's agency at Trenton, Ont.

STAY IN TORONTO STREET.

Mr. Walter S. Lee, the managing director of the Western Canada Loan and Savings Co., said yesterday that the three loan companies, the Permanent, Western, and Freehold, lately amalgamated, would be established in the new offices in the Canada Permanent building on Toronto street as soon as these offices could be re-constructed.

A TRADES COUNCIL.

Civic Elections Discussed--Four Scalps at the Belt of the Labor Body. The Trades Council last night adopted the report of the Legislation Committee, which referred to the labor movement in Great Britain, and particularly Glasgow, Scotland, where the street car line is operated by the people, and the employees' hours were shorter than in other cities, while they received extra pay for overtime, besides having a better scale of wages than under private operation. The reports favored the abolition of the present ward system, the election of the Board of Control by the people, and the abolition of the salaries of the Mayor and aldermen. The chairman of the committee reported, congratulating the council on the success that had attended its nominees in the municipal elections. Four of the eight men opposed by the council were defeated. The Education Committee regretted the decision of the people regarding the amalgamation of the school boards.

WHAT IS IT?

Vapo-Cresoleine is the vapor of Cresoleine. In the saucer, then light the lamp just beneath. When the vapor rises, you inhale it. What is Vapo-Cresoleine? It's something like carboic acid, only much more powerful. It kills all germs of disease and heals inflamed membranes. It's the one perfect cure for whooping-cough! Nothing equals it for asthma, catarrh, hay fever, colds.

Whiskey Nerves. Been drinking a little more than a good for you lately--and your nervous system shattered--your hands unsteady, head not clear, heart jumps and throbs and skips beats--sometimes goes like a race horse and causes you considerable nervousness and anxiety--can't sleep as you ought, toss about nights, and feel wretched in the mornings, utterly unfit for business or pleasure. Now, in this condition there is nothing will do you so much good as Miller's Heart and Nerve Pills. They have a calming, soothing, yet invigorating action on the nerves, they regulate and steady the heart beat, induce sound and refreshing sleep, clear the head, brighten the brain, and remove all the evil after effects of a "time with the boys." Next time you have too good a time just try this remedy can do for you. You'll swear by it as the best thing to put a fellow in his feet. It will pull you together in a surprisingly short time and brace you up for business. Miller's Heart and Nerve Pills are 50c. a box, or 3 boxes for \$1.25, at all druggists or by mail. T. Milburn & Co., Toronto, Ont.

TACTICAL SOCIETY ORGANIZED.

At the Military Institute last evening the organization of a Tactical Society for Toronto was completed. The following officers were elected: President, Major W. C. Macdonald, 48th Highlanders; secretary - treasurer, Lieut. Findley, Q.O.R.; Executive Committee, Capt. Currie, 48th Highlanders; Lieut. Griet, 9th Field Battery; Curgeon, Lieut. Fotheringham.
