

WALKER CUP RACE TO BE SAILED HERE

Aftermath of the Lake Sailing Skiff Association Regatta.

The Walker Cup race for 16-footers, which was postponed at the L.S.S.A. regatta at Oakville because it blew a little too fresh for some of the boats, will be sailed off in Toronto under the auspices of the Queen City Yacht Club, which club controls the trophy race by reason of Whitecap's victory last summer. An attempt will be made to run it pulled off at Hamilton, but the old boys' reunion in August, but there is no chance.

There was no adequate reason for postponing that race. True the crews of some boats would have liked their lives had they gone out, but the Association, by stating the race, does not compel a boat to go out. The L.S.S.A. rules were made with the idea of compelling the construction of boats that are safe in any weather. If some members persist in building light-weather boats that cannot stand the pounding of a sea or sit up in a breeze, why let them. They can win in light weather, but if a man has a boat that can weather a gale, and a gale is blowing at starting-time, he is entitled to be allowed to race, and even if he has a fall-out, he is entitled to the trophy.

There was no adequate reason for postponing that race. True the crews of some boats would have liked their lives had they gone out, but the Association, by stating the race, does not compel a boat to go out. The L.S.S.A. rules were made with the idea of compelling the construction of boats that are safe in any weather. If some members persist in building light-weather boats that cannot stand the pounding of a sea or sit up in a breeze, why let them. They can win in light weather, but if a man has a boat that can weather a gale, and a gale is blowing at starting-time, he is entitled to be allowed to race, and even if he has a fall-out, he is entitled to the trophy.

Yacht Club tries to lay the blame for the postponement of the race on E. M. Wedd, ex-President of the L.S.S.A., who was the other judge, but Mr. Wedd was out sailing a skiff, whose owner did not care to take a chance. Wedd would have said if he had an opponent if he had to stick the job behind the mast. What is the Association trying to breed anyhow? Fly-top boats and fair-weather sailors?

What the L.S.S.A. wants is men who can keep the boats right side up with care in all weather and boats that will sit up in a breeze. The Queen City Yacht Club on Tuesday was delayed a half hour because one boat was not ready. In that failure, the other boats were ready. Other boats sailed without racing numbers in direct violation of the rules, and were awarded their places. Is that right? If it is, why not condone the foul committed by Dick Sieg when Attemp's boat in a puff struck a course buoy? Some of the officials did not know a foul from a reef point, nor whether the right-of-way rule was kept to right and left of the left. There were fouls at the regatta that were not noticed. What is the use of rules if they are not observed?

Blind you, in spite of all this little rub and the great race not a failure. There were some of the shortcomings, but it was a great gathering.

Take the usual concern. Every year there is a crooked wheel in the races, a free affair, when the sailors fraternize and fight over old battles. In Oakville outsiders put their noses in the park in the name of the L.S.S.A. and charged all who went in a quarter. The tent put up by the Association for the benefit of their places. Is that right? If it is, why not condone the foul committed by Dick Sieg when Attemp's boat in a puff struck a course buoy? Some of the officials did not know a foul from a reef point, nor whether the right-of-way rule was kept to right and left of the left. There were fouls at the regatta that were not noticed. What is the use of rules if they are not observed?

There will be a change in the way L.S.S.A. affairs are run next year, by the Q. C. Y. C. and N. Y. and S. C. clubs of Toronto. The L.S.S.A. is much too cumbersome, too many of the Victoria Yacht Club (Hamilton) boys. President Hiley and Secretary H. F. Farrell of the Association works hard and faithfully. The things they left behind them were not done in the best of ways, but they were unfortunate in the choice of some officials. A sailing regatta should have been procured, and then things would have been properly handled.

Mayor Kelly of Oakville made himself a nuisance among the boys. He knew half a dozen by name before they left the harbor.

Come back again next year, boys, you're as welcome as ever. Give me your sailing salute to the officers. Al. Chisholm, too, echoed the chief magistrate's invitation.

Tot, the Hamilton sidewalk, with blue-boards, is a failure. She finished absolutely last. She has three boards, but only uses the center one. She could not get the necessary area. She had to be towed with a 30-pound board in each end and so put a 100-pound board in her center.

The National Yacht and Skiff Club's fleet showed its way home to the Toronto Regatta. The boat of the Royal Flush had narrow escapes. Skipper Stevenson and Cleopatra both went beneath the boat and were pulled out by McFarlane. Stevenson is a spunky fellow. Flush sits over on the slightest provocation, yet he reefed her down and ventured out to show to the Toronto sailors that Hamilton men did not lack pluck.

The sixteen-footers and dinghies are a domed class. In spite of three years of competition's best, it is still a little of little deep-drift knockabouts, something after the style of Wap, Grayling, Wail, and Helen of the Hamilton fleet.

Arrow, of the N. Y. O. S. C. fleet, broke her tiller coming down, and had to lay to to make repairs.

Concrete Tailoring

WE are Wholesale Tailors!
This means that we make hundreds of suits to the "trying-on" stage, under one roof, for every single suit produced by the next largest Tailoring house.
We import cloth in thousand piece lots, and so can control, for Canada, many of the season's best designs.
We mould these cloths with the needle, not merely with the pressing-iron, and we "stay" all the parts so thoroughly that they retain shape indefinitely, and can be rejuvenated at any time, by the Valet.
Our tailors are specialists on different suit parts, viz.—on collars, sleeves, shoulders, etc., and thus produce better results at lower cost.
We can match patterns at the seams, more perfectly and with less waste than the Custom Tailor, because we turn out twenty suits to his one from each pattern.
You need not wait a week to have the cloth made up, and you can prejudice Semi-ready expression at the "trying-on" stage before you buy.
Finished to order in about two hours.—Money back for any cause.

TORONTO MEN FOR OUTSIDE RACES

Joe Wright and Don Mackenzie to Row Double in Canadian Henley.

Through the water is still stirred up in Hamilton's Point Ingot from the Dominion Day Regatta, local oarsmen are already preparing for the Canadian Henley at St. Catharines, August 7-8, and the National at Worcester the week following.

In the Canadian Henley will have a junior double, consisting of Jones and Johnson, and Ferguson will row in the junior singles. The victorious junior four, Forrest, Rice, Miller, Riou, will also row, but the senior four will likely be changed, because Boyd and Hoyles are both going away on their holidays.

The Argos will also have a senior double in the Canadian regatta. It has not yet been definitely picked, but will probably consist of Joe Wright and Don Mackenzie. The senior eight will also visit St. Catharines in the hope of a brush with one of the good American eights.

Dixon Bros., who won the junior doubles on the holiday, will likely pull in the intermediate class. The Toronto boys will have a heavier four in the junior class. They already have a dozen candidates for the crew. Lou Scholes and Frank Smith will row senior single and double at both the National and Canadian Henley regatta, and young Walter Obenshner, who won the junior singles on the holiday, will row in the intermediate class.

The Dons have been saving W. B. P. Graham for the junior singles in the Canadian regatta, and if Len Marsh rounds into any sort of shape he will be entered in both regattas. They will also send over their senior four.

"There is no chance of the club getting an eight-oared shell this season, but we will have it next year, all right," remarked Secretary Levy of the club last night.

BOUQUETS FOR THE ARGONAUTS.

Probably the best race of the day at the Hamilton Henley at Philadelphia was the first eight-oared shell, or senior, contest. Attracting as it did two college crews, Yale and Pennsylvania, the Union Boat Club, crew of winners, and the year's Harvard varsity eight, and the famed Argonauts of Toronto, it contained quality enough to satisfy the most exacting.

Three attempts were made to get these crews away. At the first attempt one of the Pennsylvanians slipped his seat on the first stroke, and the crews were recalled. Upon the occasion of the second try at starting Farmer, No. 4 in the Argonaut crew, broke his foot back just as they had begun to start. Almost from the first dip of the oars the Canadians showed the way, and, hitting up a space-devouring thirty-eight, they were soon a length to the good, with Yale rowing Pennsylvania slowly drawing away from the others.

The Argonauts slowed down to thirty-six between the half and three-quarter mile, and still continuing to gain, further increased the stroke to thirty-four. It remained simply a question as to how much they would win by, and three lengths was the judged decision.

The battle for second honors filled the eye of nearly every one. The "freshies" from New Haven, paced during the early stages of the struggle by the unbeaten oarsmen from over the border, managed to pull together splendidly, while the "blue and red" boys were somewhat ragged in their work. At this time the Union crew were falling hopelessly behind, with apparently no chance of catching the last half of this battle royal, a worthy journey to witness. Both oarsmen bobbed together. Somewhat favored by the west shore, and steering a splendid course, Muzzy, the Yale coxswain got his men over the line 12 seconds ahead of "Penny," with the Union men beaten off.

The time of the Canadians was said to be very fast, and it was openly declared that the crew would not have made the journey from Toronto had it not been for the rubber in case of necessity. Kissinger has pitched exceptionally good ball for Toronto and has become a great favorite with the fans because of his genial ways. He likes Toronto, too, and may object to going back to Detroit.

DETROIT RECALLS RUBE KISSINGER

Manager Barrow Wants to Use the Big Pitcher in His Own Club.

Detroit, July 4.—Pitcher "Rube" Kissinger, who has been farmed out to Toronto since the early part of the season, has been recalled by Manager Barrow of the Detroit club, and the Adrian boy may be seen in one of the games of the Philadelphia series.

"Rube" has been doing first-class work for Toronto, the only games he has lost being where his side has been shut out. The recall is the natural sequence of the failure of the Detroit club to secure Pitcher Wolfe of Toronto in exchange for the season's use of Yeager.

From present indications the possession of Kissinger and Yeager appears about as valuable as that of Wolfe for Detroit, and there are no special signs that the deal is off.

FATHER AND SON PLAY BALL.

Jim O'Rourke and "Sonny Jim" on the Same Team at Bridgeport.

New Haven, Conn., July 4.—For the first time in professional baseball history father and son are on the payroll of the same club and are playing the game together. They are James Henry O'Rourke, the famous old New York fielder, and his son, James H. O'Rourke, Jr., who has been Yale's star infielder for two years.

"COUNT" CAMPAU RESIGNS.

New Orleans, July 3.—The resignation of Manager Campaign of the New Orleans baseball team has been accepted as a result of a long string of defeats.

BUFFALO'S NEW PLAYER.

Buffalo, July 3.—Manager Stallings of Buffalo is signing a regular third baseman, formerly of Baltimore and Rochester. Stallings needs about eight more a great deal better than Shearon.

ST. ALBAN'S CATHEDRAL SCHOOL.

St. Alban's Cathedral School has just brought to a close a most successful cricket season. Out of eighteen matches played by the first eleven 12 were won, 4 drawn, and only 1 lost. Two matches were played with St. Andrew's College, the first being drawn and the second won by St. Alban's. The Toronto Church School, Ridley College, Trinity College J.I., and two Collegiate Institute teams were among those that had to succumb to the eleven. Out of six matches played with the various clubs of Upper Canada College 3 were won, 2 drawn, and 1 lost. Only on four occasions did the opposing eleven make over 50 runs against St. Alban's. The second eleven also played five matches, of which 4 were won and 1 drawn. Among the Canada beaten by them were Toronto Church School second eleven, Upper Canada College Preparatory School, and the Model School. C. Flint, who gained the honor for the highest bowling average, which was 2.56 runs per wicket, and H. Davidson was awarded the school trophy cup for the highest batting average, which was 32.00. OXFORD LOOKS A WINNER.

London, July 3.—At the close of play to-day Cambridge had scored 86 runs for five wickets down in their second day's play. Oxford made 18 runs in their first innings. Oxford were all out in their second innings for 24 runs, giving them a total for the two innings of 110 runs, and leaving Cambridge 24 runs to make in their second innings in order to win.

HENDRIE'S NEW JOCKEY.

Detroit, July 4.—Jockey Munro has been signed by the Geo. Hendrie stable in the regular jockey of the Hendrie. He has been under contract to the Western stable. Munro rode Reneration in the International Derby, and his work on that occasion was so good as to make the Queen City ever so anxious to retain his services.

CANADA'S NATIONAL GAME.

To-day's game in the Minor Cup series will be played under C. J. & Co. rules. Six times the Brantford team's great cover-point player, had a bad eye to-day as a result of the holiday game with the Shamrock, and the captain wanted to replace him with McEldie, but Gilman insisted upon jumping into the game. —Ottawa players give the Toronto team a great boost. They say that they are the speediest, trickiest aggressors, that they will start in with to-day, betting on the Queen City ever so down to the Capital. —S. Simpson and A. Mornay of the Junction Shamrocks have been suspended for rough work in recent matches. —The Junction Shamrocks intend to make trouble for W. Kearns, who was refereed their game with Brantford on the holiday. They say he was passed on Charles Tipton. —Frank Crags was a great loss to start in with to-day, betting on Pat Bresland. —Billy Stiff and Charles White..... 2 Billy Stiff..... 6
