## MUST PAY PREMIUMS.

**Defendant Said That Insurance Agent Made Many Promises.**

In the Division Court this morning W. J. McIntyre, manager of the Sun Life Insurance Co., sued Andrew R. Muir for $34 for the first payment on an insurance policy of $1,000 taken out by Muir.

Mr. Muir, on the stand, said that he had been promised by a Mr. Christie, the agent of the Sun Life, an order for office furniture and a rebate of 75 per cent. on the purchase price. On this understanding he signed the insurance agreement, but when he found that there was no order for furniture forthcoming he refused to take the policy.

"The agent had no authority to make any such arrangements," said Mr. McIntyre on the stand.

"Then the company should put that in their printed matter," said Mr. Muir's lawyer.

"It is my opinion that the public would make mistakes anyway," remarked the judge.

Mr. Christie was called, and stated that Mr. Muir really believed he was to get the order, but he declined to say whether or not he had made the representations.

On learning that Mr. Christie had to furnish $5 for the policy to the head office he gave judgment against Mr. Muir for that amount.

## TO AVERT PANICS.

**Bill to Give Greater Financial Stability in the U. S.**

Washington, June 7.—The House Committee on Banking and Currency yesterday ordered a favorable report on the Fowler bill, which authorizes any national bank, with the approval of the Comptroller of the Currency, to take out for issue and circulation an amount of national bank notes not exceeding 50 per cent. of its paid-up and unimpaired capital without depositing United States bonds with the treasury as security therefor.

The object of the bill, as explained by Chairman Fowler, is to provide a system of credit currency "without cheapening the present methods for issuing currency, that is to graft upon our present bond security circulation of bank notes that will currently adjust itself to the varying needs of business throughout the year, and thus prevent the invariable fall panic growing out of the need for more money when the crops are being harvested and marketed."

# Simpson's Housefurnishing Club

*What Membership Means to Housefurnishers*

SIMPSON'S HOUSEFURNISHING CLUB means simply this: *The 500 responsible people who first apply for membership may have the privilege of a charge account in Carpets, Curtains, Furniture, and Pictures, and have all the convenience of leisurely payment absolutely free.* That is to say, we charge nothing in the shape of interest, and prices on goods to club members are precisely the same as to cash customers. This Club plan has been successfully operated by the leading department stores of the United States and in England. Any disadvantage there may be in departing from our strictly cash custom is borne entirely by us, and is compensated for by the increased business we gain thereby. Club members enjoy every benefit the store has to give cash customers, with this additional privilege of a credit account.

For instance, any housefurnishing bargain advertised by us to-day for Friday's selling may be purchased by you at the advertised price. Then you may join the Club and arrange the best terms of payment we have to offer. Is not that a good kind of a Housefurnishing Club to belong to?

The Robert Simpson Co., Limited, Toronto:
