MANY OFFERS FOR HOD STUART'S SERVICES

Special to The Star.

Ottawa, Ont., June 20.—Unless Wanderers of Montreal are on the alert they may lose their star player, Hod Stuart. Hod, who had been working in Ottawa, is at present up at Belleville, where his father has taken the contract for the erection of a big drill hall.

Since his arrival in Belleville Stuart has received several tempting offers from Western hockey clubs.

The building, the erection of which Hod is superintending, may not be finished next winter, and he may decide to stay there through the frosty months. The famous cover-point is said to have been requested to take charge of the Belleville team, and manage it next winter.

Peterboro has also been after Stuart's services, and another town not far distant from Toronto is said to have promised him a railroad president's salary if he will remove his traps there and play hockey. Stuart has refused to consider the offers so far.

Bruce Stuart is still in Ottawa, but will join his brother at Belleville in a few days. Bruce is billed to captain the Houghton team again next winter.

DOG SHOW ON SATURDAY.

The Ontario Kennel Club held a special meeting last night in connection with the open air show at the exhibition grounds on Saturday next. The show committee reported that Messrs. Charlie Lyndon and Hank Watson had accepted the position of judges. This selection is sure to meet with the approval of exhibitors. A feature of the show will be the giving of money prizes besides ribbons. Mr. Allister, the energetic chairman of the committee, reported that two hundred entries had already been received. Owners are reminded that they may enter their dogs on the grounds at the time of the show.

LINES ON LACROSSE

Jimmy Murphy may play Green at center on Saturday.

Thornbury and Clarksburg have withdrawn their protest against Stayner.

Bill Hanley might get his team of tourists to sign another pledge—to play better lacrosse.

The C. L. A. executive will meet Tuesday night to consider the Fergus-Hespeler and Markdale-Shelburne protests.

Tecumsehs give the Hamilton Tigers an exhibition game on Saturday. Powers and Rowntree will get another chance to love each other.

The Nationals of Ottawa complain of rough treatment in Quebec last Saturday, when they played an exhibition match there with the Quebec team.

Geo. Kalls is going faster this year than last, and what a busy day he did give big Jim Kavanagh last year at Rosedale.

Markdale claim Shelburne juniors played some men over age last Friday and have lodged a protest with the C. L. A.

Can that small home of Torontos get in on Shamrock defence? Wait and see. Every one of them is game, and will take a chance.

Warwick will have his first experience on Saturday against Shamrocks. He is clever, and fits in well with Barnett, Cameron, and Kalls.

Don't count Toronto out of the running for the Minto Mug. When they get through with Shamrocks, they will be tied for first position with Tecumseh.

The reserved seat plan opened at Love's this morning. Up to noon quite a bunch of seats were sold, which is an indication of a big crowd at Rosedale Saturday.

Caps have persuaded Bobby Pringle to stay in harness for the game with the Nationals in Montreal on Saturday. Looks as if the Caps were afraid of losing that game. Quite likely.

Markdale showed a yellow streak by sending a bunch of children to Shelburne last Friday. They should be made to feel the shame of their unsportsmanlike conduct.—Owen Sound Advertiser.

Trenton, June 19.—The second game of the local intermediate Canadian Lacrosse Association schedule was played here to-day between Madoc and Trenton. The result was: Trenton 3, Madoc 1.

Montreal Herald: Shamrocks have started well, but they will have to travel to beat Toronto next Saturday. Jimmy Murphy's team is rated A1 at Lloyd's.

Just watch them go in to win when they get busy at Rosedale on Saturday. But Jimmy Murphy says they will have to work hard to keep the boys in blue from tieing the Indians for first place.

Torontos trimmed the Shamrocks twice last year—11 to 4 at Rosedale and 6 to 5 at Montreal.

It can, therefore, be readily understood that the Irish have sworn to have revenge, with a big R.

Rose, Hinds, Olaveson, Pennock, and Carter, who have signed with Beaverton, figured on the Orillia team last season, while Marshall, who was reinstated this year, is an Orillia boy.

There is little money in sight to say that the Capitals will beat the Nationals on Saturday. The Frenchmen are going at a very fast clip, and on their own grounds are a hard aggregation to beat.—Ottawa Journal.

An enthusiastic Irishman in front of the Journal bulletin Saturday wanted to bet 2 to 1 that Shamrocks would land the championship. No one took him up, thinking that the chap was a good joker.—Ottawa Journal.

Montreal Gazette: "Shaun" O'Reilly of the Shamrocks has received inducements to go to Hamilton to play lacrosse. He has declined the offer, and will remain at home to assist the Irishmen win back the Minto Cup.

The champion Shamrocks of Toronto Junction have enticed the Caledonian Indians from the reserve near Brantford to come down to the suburb for a game next Saturday. The Irish have not had a great deal of hard practice so far, and they have played but few games, so they need a bit of training before they meet the Maitlands at the Island on Dominion Day.

Beaverton has sent in certificates for the following players: A. M. Cameron, H. H. Jacobi, J. E. Cave, Con F. Marrin, Alex. Ross, E. M. Smith, F. E. Warriner, Ernie A. Doyle, William Arnsworth, Charlie Olaveson, J. Ed. Hinds, Hugh Anderson, W. E. Marshall, Ben Coombs, Fred C. Dobbin, Ed. Pennock, Nick Carter, J. W. Tucker, Bert Sharpe.

In the Beaverton-Newmarket game to-morrow, if the clubs fail to agree on a referee, Bert Kreuzmann of Elora, who headed the poll for the council, will have to make the appointment, owing to Harry Cameron and Tommy Doyle, president and second vice-president respectively, being interested parties, while Jack Kearns, first vice, is with Miller's Australian team.

Shamrocks wired Jimmy Murphy today, suggesting Joe Lally, Pete Green, and Clarie McKerrow as officials for Saturday's game at Rosedale.

Jimmy replied that he'd accept Lally, but he doesn't want the other two. There is some doubt whether Lally will act.

President Harry Cameron wired Jimmy Murphy to-day that he had been agreed on as referee of the Beaverton-Newmarket game to-morrow, but Jimmy is too busy with Torontos, and declined.

William Foran, he of the ready tongue and the guileful smile, has been talking again. That's nothing new.

But he has asserted that the Tecumsehs are not so muchy much, after all—if we may be allowed to put Mr. Foran's classic phrases into modern English. He further intimates that Capitals could have trimmed either Indians or Cornwalls on the form the two teams showed on Saturday.

Well, come to think of it, the Cays have had a chance to beat both these teams already this season. Perhaps Mr. Foran will remember that the Caps could score only four goals against both teams, while the Colts and the Indians' combined tally totalled 10. Will that hold Willie?

Henry Hoobin, the great home fielder of other days, says he will never play lacrosse again. He is afraid of his weak knee, and he carries about 200 lbs. on it now. Henry says he'd like to get into the game, but he can't.

Apropos of Hoobin's record, the Montreal Gazette remarks:

"Hoobin was one of a few to play the game as amateurs of late years. A prominent official of the Shamrocks said a few days ago that Hoobin and one other, who is still with the team, had never received a cent, either directly or indirectly, for playing lacrosse. Many believe that Hoobin could get into the game right away and play as well as ever, and that his knee is strong enough to stand the strain. He knows best himself, and when he says that nothing could induce him to get out and take a chance of again weakening his injured knee, he means it."

The St. Kitts Star-Journal goes out of its way to give Toronto a knock because the Hamilton crowd treated the Athletics gently and even cheered them last Saturday when they trimmed the Tigers.

The St. Kitts sheet says:

"One pleasing feature in connection with the Hamilton-Athletics lacrosse match last Saturday was the absence of all offensive conduct or language on the part of the Hamilton spectators. Although their team was unmistakeably outplayed in the first quarter, not an individual in the home crowd uttered a taunting word, jeer, nor unpleasant epithet to the players of either team. On the contrary, the fast playing, masterly combination, and brilliant stick-handling of the Athletics drew generous applause and admiring comments from the Hamiltonians. Had the match taken place in Hogtown or in certain other alleged 'head-centers' of lacrosse, the Athletics would have been subjected to bitter abuse every time they scored, or made a noticeably clever play; were a St. Kitts player ruled off he would have been greeted with hisses, cat-calls, and foul names. The altogether different and sportsmanlike conduct of the Hamilton spectators was a refreshingly welcome surprise to the Athletics, and will not be forgotten by the St. Kitts rooters."

A few of us who have been in St. Kitts remember the chaste and cheerful comments of the St. Kitts rooters when a Toronto team happens to be playing there, and the above, in view of the facts, seems to be somewhat after the style of the pot calling the kettle black, or of his Satanic Majesty rebuking sin.

But, if Hamilton can teach a St. Kitts crowd how to behave at a lacrosse game Toronto will have no objection.

FRENCH AND ENGLISH GOLFERS IN THE LEAD

Hoy Lake, Eng., June 20.—In the professional golf championship games to-day, first round, "Alec" Smith of the Nassau Country Club, New York, the American champion, turned in a score of 85.

JUNIOR LAWN TENNIS CHAMPIONSHIPS

They Will be Held at the Toronto Lawn Tennis Club Courts on July 1.

The annual contest for the Junior Championship of Canada will be held on the courts of the Toronto Lawn Tennis Club on Bathurst street, on Monday, July 1st. This event is open to Canadians of 18 years and under.

There will also be held at the same place a short tournament, the events being men's handicap singles, ladies' handicap singles, men's doubles and mixed doubles. Play in these four events will begin on Saturday afternoon, June 29th, at 2 o'clock, and continue all day Dominion Day, and in the afternoons after that until concluded. Entries should be sent not later than Friday, June 28th, to the Secretary, Albert Routh, Crown Life Building, telephone, Main 2252.

LEFT HAND BOWLER EFFECTIVE IN CRICKET

C. B. Fry, writing in the London Chronicle, says: "The Kent eleven certainly has the knack of using its opportunities; indeed, it does more than that, it makes them. A victory over Northamptonshire is not in itself a tall feather in the cap of the champion county, for the beaten team is the weakest engaged in the competition. But the way in which Kent forced the victory was quite remarkable. Such victories—no matter how the names and figures work out on the score sheet—are the result of the all-round merit of a team and of its capacity for corporate endeavour—eleven men playing like one. Still, Blythe's bowling was so notable an individual triumph that he may be said to have won the match, if one bowler ever did so. All ten wickets in the first innings for 99 runs, and seven in the second for 18 runs, is a record well worth inscribing upon the silver band of a presentation ball. His success is just another instance of the great match-winning value of the accurate slow or medium-pace left-hand bowler on a wet wicket provided this bowler has the gift of finger spin.

"A comprehensive investigation of the history of cricket would, I am sure, show that a high percentage of all the very small totals in first-class cricket have been against bowling of this type. The left-hander's break from leg is the batsman's bogey on wickets where runs come from hard hitting or not at all, and where, for all but a few peculiarly gifted batsmen, the whole art of staying in consists in adopting aggressive tactics. Right hand off-break bowlers, like Mead, Jack Hearne, Haigh, and Hallam, often do deeds of quick destruction on sticky wickets, but their off-break is easier in its difficulty than the left hander's break away. A risky plunging hit at the off-break may catch the ball that is breaking in on to the bat, but is almost certain to miss, or worse, to mis-hit the ball that is pitched on the middle stump, and then makes a bee-line for third man. The left-hander certainly is the great bowler of the ball that is not there when one lets fly with all one's might and main."

SUMMERS BEATEN.

Young Erne Conquers Him at Philadelphia Last Night.

Philadelphia, June 20.—In a six-round fight before the National Athletic Club here last night Young Erne of Philadelphia easily outpointed Johnny Summers of England. The latter was fought all over the ring, and at no time was Erne in danger. Erne knocked Summers down in both the fourth and sixth rounds. If the fight had gone a little further, Summers would probably have taken the count. The Englishman showed his usual pluck.

LYON'S PRELIMINARY HANDICAP.

Chicago, June 20.—George L. Lyon, of Durham, N.C., runner up in the grand American handicap of last year, won the preliminary handicap at the Chicago Gun Club grounds yesterday with a total of 96 out of a possible 100.

Two brothers, Tom Graham and J. E. Graham, of Long Lake, Ill., tied for second with 95 each. The field of 357 shooters included many professionals. Lee Barkely of Chicago made 97, the highest score for professionals. The purse amounts to $1,455.

Several winners of former grand American handicaps competed, but none of them made particularly brilliant scores. Rolla Heikes of Dayton, Ohio, scored ninety.

Five States were represented in the team shoot, 12 teams of five men each facing the trap. The second Illinois team won with 468. All shot from the 16 yard mark at 100 targets each. Missouri was second with 462.

WILL ARRANGE MORE CRUISES.

"Next week the Toronto Motor Boat Club will meet to arrange a program of summer cruises," said Commodore Sylvester of the club to-day. "We had our initial cruise last Saturday to Fort Credit, and the members who went along were so delighted that they are eager to go again. We had six boats in line, but the next time we go out we will have double that number. We went up to the Wilbur House and were looked after in great shape."

The boats on the cruise were Commodore Sylvester's Aroon, Walker's Reklaw, Mark's Eronlic, Hart's Dolly D., Peacey's Razorback, and Williamson's boat.

ROYAL OAKS' GAME.

The Royal Oaks play All Stars at 2 o'clock Saturday. The following are requested to turn out to practice at Bayside Park on Friday evening: Bowes, Parker, Boynton, Wideman, Latremouille, McCarroll, McKinnon, Tremble, Craigie, Fraser, Tremble, and O'Brien.

THE IRISH AT THE ISLAND.

The Irish-Canadian Athletic Club has obtained training quarters at the oval at Hanlan's Point, and the actual members of the club will turn out there to-night between 6 and 7 o'clock. The club has secured a room in the club house with lockers for the clothing of those who are working out. Regular nights for training will be arranged next week.

A LAVISH WELCOME

Mayor of Vancouver Profuse in His Eulogium of the Orange Order.

Special to The Star.

Vancouver, B.C., June 20.—The Black Knights, Orange Grand Lodge, was officially welcomed yesterday by Mayor Bethune, who said in part: "Since the organization of the first Orange Lodge in 1688, Orangeism has become well nigh an universal institution. History does not furnish its parallel. It exists wherever Christianity has gone; its influence encircles the round world. It is never obscured by the darkness of night. The eye is always upon it. Among all civilized people, and in all Christianized lands its existence is recognized. Unaffected by the tempests of war, the storms of persecution, or the denunciation of opponents, it still stands proudly erect in the sunshine and clear light of Heaven.

"Citizens of Vancouver who greet you to-day are 70,000 in number, and if our conditions of growth continue, we will ten years hence have a quarter of a million souls to welcome you back. Just as nature has been lavish to us of her kindness not only in her material blessings, but in the scenic grandeur of our Province and the salubrity of our climate, in like measure we of Vancouver, as your hosts would give to you of our hospitality and our good will.

"Sir, wishing you all a very pleasant and prosperous grand lodge session and a safe return to your homes on behalf of the citizens of Vancouver, I tender you the freedom of the City of the Lion's gate."
