

DANIELS SIGNS GEORGES CARPENTIER

Army and Navy Man Arrives With Famous Frenchman's Contract. DATE IS MAY THE 8TH Will Box Six Rounds—Many Entries for Ontario Tourney.

By LOU E. MARSH. Hand it to Phillip Daniels, otherwise "Darkey" Daniels, boys. He decided to fight in the little old New York to-day, and pinned to his undershirt was a contract for the appearance hero of Georges Carpentier, the French flash, champion of Europe and challenger of Jack Dempsey, world's heavy weight champion.

3. Daniels, who is representing the Army and Navy Veterans' Association, has signed Carpentier for May 8. On May 7 Carpentier will appear in Buffalo. Carpentier will box two three-round fights with returning partners. The affair will be held at the Arena, the price will be \$15, and a full card of real contests will precede Carpentier's exhibition.

Very Popular. "I never saw such a popular athlete," said Daniels to-day. "Wherever he goes he is followed by crowds and cheered to the echo. He has a pleasing personality, and his wife is just as pretty as she has been described. Carpentier is even more popular in the United States than old John L. Sullivan or Jim Corbett, and as saying in a "Gleaner" that Daniels certainly made a "ten cent" when he signed up Carpentier. He has been in an exhibition on a guarantee which is less than what he gets a night for being merely introduced to a boxing audience. He gets \$2000 for a "Gleaner" and introduces Georges Carpentier of France. To get Carpentier here Daniels had to outwit seven Canadian bidders, some of whom outbid him, Daniels had the cash, and that is what counted.

Indian Too. In order that the Indians may see the famous Frenchman the Army and Navy will have all the boxers who appear in the bouts, which precede his exhibition and in running and jerseys, instead of the usual scanty fighting costume, and smoking will be forbidden.

Boxing Prospects. All the embryo Dempseys, Brittons, Herimans and Fleming in the Province who have visions of an exhibition with the Olympic squad which will represent Canada at Antwerp this summer have entered in the Ontario championships, which will be held at the Riverdale Arena Friday, Saturday and Monday nights. Champions of all grades, city, intercollegiate and international, will compete in the three-day tourney, and the chief boxing entries in the Province will be represented by one or more entrants. Since the last Ontario tourney, held two years ago, two or three titheholders have "graduated" to the professional ranks. Bruce King, winner of the 125-lb. class; Frank (Red) Gallagher, lightweight; and Harry Freeman, welterweight champion. The other winners that year were: 100 lbs., John Doug; 105 lbs., William Gould; 115 lbs., Cliff Graham; 125 lbs., Jas. Lowery, and heavy, Jess Spring. The last three named are expected to defend their honors. The draw will be made to-night at 22 College street, and Secretary Walter Trivet is sanguine that the entry list will be a record breaker.

Recommends Boxing. Dr. D. Bruce Macdonald of St. Andrew's College said a mouthful yesterday when he told the school inspectors in convention that boxing should be taught in all schools. Dr. Macdonald knows whereof he speaks. He has had boxing and wrestling taught at St. Andrew's for a number of years, and has won up each year with a tournament at which every boy from his club of eight and nine up to the heavyweight line, plungers on the rugby team, who was normally fit, competed. I have had the honor of refereeing several of the college tournaments, and I want to repeat now what I have said before, that I have never seen such sporting spirit and courage among schoolboys. Youngsters there who know that they were beaten before they started accepted their draws and did their best courageously. Boys on top of thought opponents and eager to win, who ceased on the instant opponents showed signs of real distress, and it was never necessary to warn a boy for foul work. If he was knocked out—and there were knockouts, for this was no namby-pamby pink tea tournament—the first to his assistance was the boy who handed him the ticket to dreamland. And if he recovered and came back for more he got it. It was foolish to ask a boy temporarily knocked out if he wanted to resume boxing. The idea of quitting never entered his mind. There is no such thing as a right in the history of the St. Andrew's physical instructor, Ernie Chapman, and so the boys don't know that old Noah Webster included the word "blue" in his book. I saw a youngster named "Frank" a 6-pounder, soundly beaten by "Hank" Robertson, St. Andrew's famous midgie, in a recent final, step into the breach when a default occurred in the final, and take another hiding. He knew he hadn't a chance, but he stepped out and did the best he could. True enough, the sturdy Robertson made him cry, but crying didn't prevent him from battling on—and he came back for the next round as eager as a young ferret. Up around St. Andrew's College battles get but short shrift, and the boys themselves do the disciplining. That's the spirit Dr. Macdonald hopes to cultivate by boxing and wrestling in the boyhood of the country.

All Want Carpentier. John M. Abrams, New Orleans promoter, to-day telegraphed to Georges Freeman and a number of others for Georges Carpentier to meet Bill Brennan at New Orleans for a 15-round heavy weight bout. Five thousand dollars was guaranteed for a six-round

RANDOM NOTES ON CURRENT SPORTS

Norway will send 250 athletes to the Belgian Olympiad and have already secured quarters in Antwerp. The Toronto Cricket Council are looking for pitches in nine of the city parks, with which, together with three or four private grounds, to accommodate the 22 clubs who will engage in England's national game during the coming season, and whose schedules of matches will be compiled at a meeting at the S. O. E. hall, Richmond street east on Tuesday evening next. Park Commissioner Chambers is doing his level best to meet the requirements of the various sporting organizations and the difficulty which he finds in allotting grounds for all furnished another evidence of the necessity which exists for more "playgrounds for the people" in or near the city.

Harry "Sport" Murton, the famous Toronto lacrosse player, who enlisted as a buck private, became an aviator and wound up in a German prison, is back in London. He went to South Russia last June with Col. Raymond Collahaw's squadron. So is W. L. Hay, of Winnipeg. Murton speaks with keen pleasure of his experiences, doubtless partly because he has returned with a charming Russian widow as his wife. Murton has queer tales of fighting with Denikine's army. He participated in Denikine's retreat, which gave way completely before the Bolsheviks. His opinion is that Bolshevism has no possible lasting force even in Russia, where the peasantry, he says, is too ignorant even for Bolshevism. Russia is simply in a state of civil war, and the common folk side with any army that offers food and clothing.

148 GAMES AT THE ARENA GARDENS

Season Attendance Broken—Game Record Beaten Twice.

"Exactly 148 hockey games were played at the Toronto Arena Gardens, the total attendance records for the season were shattered, and two one performance records were broken," said Charlie Querris to-day. One game, exhibition, professional, Seattle v. All-Stars.

MANY CHANGES FOR SMALL BOAT CLUBS

Will Argonauts Have Dinghy Section?—Some Bay-side Gossip.

There is bound to be an upheaval in small boat sailing circles around Toronto this season. The removal of the Toronto Canoe Club to a Humber Bay site east of Sunnyside, the forced removal of the Queen City Yacht Club, and the necessity of new clubhouses for the World's Island A.A. and the Alexandra Yacht Club are features in the state of uncertainty which on the small boat racing men on tontar hooks. The removal of the Toronto Canoe Club to the west end, site is bothering some of the club's dinghy sailors, because they do not want to do the sailing in Humber Bay. They point out that the Bay gets quite rough with a south-west wind and do not relish the idea of sailing either races or for pleasure in open water. They want to sail on enclosed water and to be handy to Hanlan's Point and Centre Island, hence some of them at least are casting around for new quarters. The Queen City Yacht Club has to move. They have a clubhouse at the foot of York street, a sit on Sunfish Island, just west of World's Island, and a declining membership. The Ward's Island A.A. has a big membership and they need a clubhouse, hence the scheme to amalgamate the two clubs. The Alexandra Yacht Club has a Ward's Island site and no clubhouse—a gal blew their club into the Bay two years ago. The A.Y.C. talked of joining the W.I.A.A. and the Q.C.Y.C. but have decided to go it alone. The Q.C.Y.C.-W.I.A.A. amalgamation is well advanced, the idea being to shift the present Q.C.Y.C. clubhouse across to Sunfish Island and add quarters for 20 or 30 dinghies. However, there are still two more schemes in view. One is for a club for dinghy sailors exclusively, with a site on the western shore—Bayview and the other is for a dinghy section in the Argonaut Rowing Club's new clubhouse at Mugg's, just west of Centre Island. They are all good schemes. Meanwhile the T.C.C. Argos and Q.C.Y.C. will retain present quarters for a year—if they want to do so. Shamrock III's Trial Trip. The Shamrock III, Sir Thomas Lipton's "trial horse" for the Shamrock IV, which is to sail next Wednesday, will also carry Shamrock IV's racing spars.

Changes on Shamrock IV. Further changes are being made on Shamrock IV, at City Island yards near New York. Five or six more tons of ballast are being added and her keel is being cut away again both fore and aft. She will draw more, carry more canvas and should swing easier than before. The defender Resolute will be launched April 19.

Catcher Archie Yello, now with Detroit, Tigers, will not be with the Toronto Baseball Club this season as was expected. Manager Hughie Duffy wired President McCaffery to-day that Yello was not worth the price Detroit is asking for him. Duffy says he would rather put the money in a good pitcher, and let Gus Sandberg do the catching for the Leafs. Duffy, a semi-pro from Brooklyn, will be second string backstop for the Leafs for the time being. Dwyer, Shannon, Kelly, Dunn and Raven have been sent home. President McCaffery leaves on Sunday to join the squad, and will likely catch up with Duffy and his players at Columbus, E.C.

The annual general meeting of the Toronto Senior League was held at the St. Mary's Club last night and the following officers were elected for the coming season: Hon. President, George A. Murphy; Hon. Vice-Presidents, P. J. Mulqueen and Samuel Leonard; President, Alf S. Verrall; Vice-Presidents, David Cohen, J. F. McGarry and Charles McCurdy; Secretary-Treasurer, Norman S. McGuire.

Farrell, Fred Barker and Frank Smith; Delegates, Fred Barker and Frank Smith. A Preliminary Committee composed of the following gentlemen was formed: Jas. A. Murphy, Ed. Allan (the Mail and Empire), and James P. Fitzgerald (Telegram). Don Valley League Getting Ready. The Don Valley League held a very enthusiastic meeting last night, and one of the main pieces of business was the selecting of a team to fill the vacancy caused by the Diamonds dropping out. Many applications were received, and it was finally decided to admit Simcoes to membership in this organization. Simcoes finished second in the Lake Shore League last year and have their 1919 team practically intact. They will make things interesting for the Classics, R.C.B.C. and Universals, the other three teams in the league. Bill Hermann, the old Stralder southpaw, will handle the pitching again this year, and the champs claim to be stronger than last year. Normy Brown, the old Stralder southpaw, will look after the Universals and has prospects of a strong team. Royals will likely have Mr. Frank Leroy at the helm. The league will operate on a new diamond on Greenwood avenue, which the Parks Department promise to have ready for the opening game. The league is open for applications for umpire, which should be sent to Jack Wilson, 814 Indian road, before next Tuesday, April 13, when the league will meet again.

Industrial League Ready. A successful meeting was held last night in the West End Y.M.C.A. when arrangements will be made before the league is opened. Firms desiring to enter teams are urged to have a representative present.

Umpires Meet. The Toronto Umpires' Association met last night and admitted J. Brennan, E. R. Buscombe, Harry Taylor, Bill Walsh, C. Loomis, Jim Naughton, Bob Armstrong, Joe Nicholson, Geo. Nicholson, G. Tomson, Tim Arnold, Tom Gloster, Joe Brown, Harry Williams, Oscar HMT. Juvenile League Ready. The West End Y.M.C.A. Juvenile Baseball Club will hold an important meeting in their clubrooms at the corner of Dovercourt and College tomorrow night at nine o'clock. The following players and any other good juveniles wishing to try out with a real team should be out: Tom Phillips, W. Greer, Briggs, Joe Wright, Neil, Toopie, H. Holden, Joe Gallagher, Garland, Edwards, Burman, S. Lane, Al. Thompson, Hawkins, Vonnell, Hutchison, Hurdor, Taggart, Love, Abbott, Jenkinson, Al. English, Ross Smith, C. Halward. Parkdale Ball Team Will Meet. There will be a meeting of the Parkdale senior ball team in the clubrooms of the Parkdale A.C., 168 Queen west, to-night at eight o'clock.

Will Hold Annual Meet Week From To-morrow. The annual meeting of the Granite Lawn Bowling Club will be held on Thursday, April 15. The Granites first organized in 1883 with Dr. James Carjyla as president, and Mr. W. O. Thornton as secretary. Thirty members made up the club at that time. Granites' first tournament success was in 1888 when a rink skipped by Mr. W. Badenach won first prize at a tournament held by the Victoria Club. The Granites have been winning honors regularly ever since, and it is doubtful if there is another lawn bowling club in Canada with such a splendid record as that attained by Granites.
