

OAKVILLE GOES IN BIG WAY FOR SABOT 'PRAMS'

Oakville, Aug. 19.—It happened because Doug Armour and Bill Macrae were determined to do something about the lack of interest in sailboat racing in this port of Oakville.

Some spring of this year Hilli-puttan Sabot 'prams' broke out like a rash at the Queen City yacht club in Toronto. These little plywood jobs with their multi-colored sails were more than just a toying dandy. They would sail. They were definitely "one-design." They carried a buoyancy tank.

The Oakville enthusiasts decided to build a fleet themselves. Today they have eight in the water with more to come. And to stir up interest Macrae and Armour decided to combine forces and stage an invitation meet. Q.C.Y.C. tars arrived nine strong, boats and all, and demonstrated emphatically and effectively that Sabot prams can be raced and raced well.

Long rolling seas and a fair wind provided a perfect setting and during the day the sailors worked in three races, windward and return. Don Clapp, Ken Lye and Al Davis, all from Queen City, wound up with the booty finishing one, two, three in keen competition. The local boys accepted the lesson noddingly; plan to do better at the relatively unimportant next month Jim Ballie of the Oakville team finished in fourth spot.

EDUCATION. NATCHEZ ANNEX RICH EVENTS

New York, Aug. 19.—Fred Hooper, of Jacksonville, Fla., owner of 1945 Kentucky Derby winner Hoops Jr., was looking forward today with some optimism towards a second Derby, after his Education romped home three lengths winner in the \$80,025 Washington Park Futurity Saturday to become the leading money winning two-year-old of the season.

Ridden by Johnny Adams Education spent the six furlongs over a muddy track in 1:12 1/5 to beat Jet-Jet, a 40 to 1 shot, with Delegate third and Grey Skies fourth. Hooper cofers and raised Education's earnings to \$108,385 in seven stake victories.

Saturday's other big feature, the 77th running of the Travers Stakes, turned out to be a walk for the "Varsity" three-year-old team from the Philadelphia farm of Mrs. Walter M. Jeffords, when Natchez came home five lengths in front to pick up the \$24,750 winner's end, and the team, Malton, wound up second to grab the \$6,000 going to that section. Greentree's School Tie was third. The crowd, 24,515, was the largest in Saratoga's century long history.

KEN ATWOOD BREAKS O.A.C. CAMP RECORD

Orillia, Aug. 19.—Ken Atwood of Fort Erie high school was the lone record-breaker at the final meet of the Ontario Athletic Commission camp for junior high school athletes held at the Lake Couchiching camp. With a leap of 39 feet six inches, Atwood bettered the hop, step and jump record of Leonard Luck of Toronto by three inches. He also had a first in the hop, step and jump event.

There were two other double winners, Dave Black of Lawrence Park C.I., Toronto, copping the eight-pound shot put and 220-yard dash. Alan Wong of Central Tech, Toronto, had firsts in the pole vault and 100-yard dash.

EX-LEAF OUTFIELDER STARTED TED ON WAY

Boston, Aug. 19.—It has been told Ted Williams, suffering from a pausing his first time out as a moundman, which prompted his remark that he might be a better outfielder than pitcher. That exhibition of pitching undoubtedly hurried his career as a flycatcher, and great batter, but it was a football job which really started Ted on his outfielding career.

Ivy "Chick" Shiver, a coast football star, was directly responsible. Shiver, an outfielder, once with Toronto Maple Leafs, got the urge late in the season to return to football. In fact, he decided to quit the day Frank Shellenback, coach of the Tigers and then manager of San Diego, was left without an extra outfielder, due to an injury which benched Cedric Durst.

STEEL ARRIVES IN TIME TO AID SCOTTISH ELEVEN

George Steel, a top class Scottish soccer player, a war bridegroom, landed in Canada early last week, reached Toronto Thursday night, signed for Toronto Scottish Friday, scored three goals for that club Saturday night at Oakwood stadium and left for Vancouver Saturday night at 11 o'clock, to join his bride in Vancouver. Incidentally, Scottish tied the major league game with Wearever, 3-3, and more than 1,000 onlookers said the play of this 25-year-old Scot from Greenock Morton and Partick Thistle was worth the price of admission alone.

George wrote to Ulster and Scottish more than a year ago while in Newfoundland with the Royal Navy and said that the first time he was in Toronto he'd telephone. He married a Vancouver girl, a Canadian "War bride" back home to be mobbed, then high-tailed it back across the ocean. Stan Wadlow, an old Scottish player gets the credit for directing him to Scottish.

BURLEIGH SINGING KANSAS CITY BLUES

Kansas City, Aug. 19.—Burleigh Grimes, filling in temporarily as Kansas City pilot during Bill Meyer's enforced absence, was caught singing the blues, recently, and admitted he was about ready to consult a ouija board.

"I must be a dumb manager," mumbled Grimes, after the Blues had managed only one run in their first game—in two games on a total of 23 hits. "None of the combinations I've tried seem to work."

However, even in a pre-arranged plan it would be difficult, Grimes agreed, to put together that many hits and score only one run. In the first game of the series, Toledo's Fred Sanford blanked Grimes on 11 hits, while in the other, Pete Mazar of Columbus strung up the Grimesmen on 12 bingles, 2 to 1.

JAPANESE HAVE YEN AND BET IT FREELY

Tokyo, Aug. 19.—Forty thousand persons crowded Tozama horse-arcade Monday for its first meeting in six years and bet more than 4,000,000 yen (\$266,000). The wagering established a record for one day's handle, said Kyodo news agency.

TEN BOUTS BILLED ON OAKWOOD CARD

Because he has made "putty putty" of his last three opponents Val Mancuso, who takes on Bill Goulding of Oshawa in the main event of tonight's Diamond Boxing club show at Oakwood stadium, has been nicknamed "Cement Mixer."

According to reports, Val is the most determined scrapper in the club and seldom a day goes by that he doesn't have to be forcibly restrained in his workouts to keep him from doing serious damage to his sparring partners. He has a job on his mind tonight for Goulding, who is improving as he testifies on the last Diamond card by scoring a win over Belleville's George Polmanter.

HORSE SENSE BRIDGE

By SAM GORDON
The Kibitzer

Birdie whispered to me about you. She said you had an idea that very few played duplicate bridge. Get that out of your head. In many cities tournaments are played every week and night elimination matches. Winners in these are sent to regional contests. Some of those survive to go to national events. These are but a nucleus of a host of tournaments.

Several attendance records were broken this year. At the annual Bridge Week in California were 5,476 entrants in the 39 events. This is a total of 1,369 tables. That's a lot of bridge.

Many states were represented by their champions. More than 20 of the top-ranking eastern and mid-west masters came in a chartered plane. Competition was truly nationwide in scope.

Even the great Ely Culbertson falls in with the fast-growing popularity of duplicate. He has just put out an entirely new book with a system adapted especially to duplicate bidding and play.

None of his systems is as simple as Horse Sense. And when you know Horse Sense, you need no new system. But he is pretty good, too. And his new book is truly a cluster of gems of bridge wisdom for advanced match players.

In a championship duplicate match was a deal like this:

RUSSIANS HOLD BACK AUSTRIAN OIL SUPPLY

Vienna, Aug. 19.—(AP)—All of Austria except the Soviet-held eastern provinces was on the verge of a motor transport breakdown today as the Russians withheld oil of the great Zistersdorf fields from the western Allied armies and the Austrians as well.

Austrian and U.S. military sources agreed that unless the situation was relieved immediately Vienna would lack all but a few essential trucks and ambulances. The supply and transport services of the British and U.S. occupation forces would be seriously curtailed.

Austria's sole source of fuel oil products is the Zistersdorf fields in the Russian-occupied eastern zone of Austria. The fields were proposed for nationalization by act of the Austrian legislature, but held and claimed by Russia on the contention they constituted a German asset.

There has been every evidence here that the Russians were exporting part of this oil—that it was being sold, among other places in Czechoslovakia.

Gen. Mark W. Clark has brought up the matter of Zistersdorf gasoline distribution repeatedly in Allied council meetings. The Russians either have agreed, at these times, to provide additional gasoline which afterward was never delivered, or refused to discuss the issue.

PRESS WIRES HUM STRIKE CALLED OFF

New York, Aug. 19.—(BUP)—Overseas press copy flowed unhampered into and out of the U.S. today after Press Wireless Inc. and the American Communications association (C.I.O.) agreed to submit their dispute to arbitration.

An embargo imposed by the union on movement of overseas press dispatches was lifted last night after the union and Press Wireless came to terms in an all-night session with Frederick R. Livingston, U.S. conciliator.

Arthur S. Meyer, state labor mediator named arbitrator, will decide today whether the company had the right to lay off 46 employees without submitting the matter to arbitration.
