**YOU'VE HEARD ABOUT ANTI-ENZYME ACTION! IT'S NEWS!**

**AMM-I-DENT**  
Anti-Enzyme Action

**GIVES YOU A DECAY BARRIER**

**AROUND EACH AND EVERY TOOTH IN YOUR MOUTH!**

**Amm-i-dent**

REGULAR OR CHLOROPHYLL 33¢ 59¢ 85¢

**WITHOUT DECAY BARRIER** **WITH DECAY BARRIER**

The Invisible Decay Barrier! You can't see it, feel it or taste it—but it's there! Amm-i-dent's major anti-enzyme ingredient stays in the mouth, acts continually to help ward off attack by enzyme-produced acids.

New Hope for Security from Tooth Decay came first with Amm-i-dent's ammoniated formula. Later research proves that daily morning and evening brushing gives fewer cavities. That's a promise!

Kiss with confidence, when you've brushed your teeth with Amm-i-dent. Amm-i-dent's powerful cleansing action strikes at important causes of bad breath—keeps you "nice-to-be-near". Thousands of wise persons have bought Amm-i-dent on the advice of their dentists.

**Amm-i-dent's formula brings anti-enzyme action two ways:**

- INSTANTANEOUSLY with an ingredient which removes the vast majority of all enzyme-producing bacteria from the surface of the teeth.
- CONTINUINGLY, with an ingredient that actually stays in the mouth with an enzyme-inhibiting action.

This is the decay barrier which surrounds each and every tooth with double, long-lasting protection.

Both Amm-i-dent Chlorophyll Toothpaste and regular pure, white Amm-i-dent have Amm-i-dent's anti-enzyme formula. You can get it at your store now.
